INTRODUCTION

Certified Local Government (CLG) grants provide funding to participating city and county governments to develop and sustain an effective local preservation program critical to preserving local historic resources. The Texas Historical Commission (THC), the state agency for historic preservation, administers the Texas CLG grant program utilizing federal funding it receives from the U.S. Department of Interior, National Park Service (NPS) Historic Preservation Fund Program. Under this program the NPS requires that at least ten percent (10%) of Texas' annual federal allocation be subgranted exclusively to participating Certified Local Governments (CLGs). The program serves as a great resource for participating county and city governments to offset the costs of self-sustaining preservation and planning-related projects. Currently, there are 70 CLGs in Texas. Contingent on resolution of the federal budget, we anticipate approximately \$100,000 to \$120,000 will be available for this round of grants.

ADMINISTRATIVE INFORMATION

Administration

Grants will be administered in accordance with the National Park Service Historic Preservation Fund Grant Manual, June 2007; Texas Administrative Code Title 13, Part 2, Chapter 15.6, *Rules and Procedures for Certified Local Governments*; and this manual.

Grant Period

The grant period is October 1, 2013 to September 30, 2015. Project planning, including drafting any applicable RFPs, may begin before your grant request is awarded and a grant agreement signed, **however**, you cannot begin actual work or be reimbursed for costs incurred prior to submitting a signed grant contract to the THC. Despite the official grant period beginning October 1st, grants will be awarded in 2014 following funding notification from the National Park Service.

Application Package

The grant application is included in this manual. A CLG may submit more than one grant application; however a separate application package must be submitted for each project request. A complete application submittal package consists of 1 unbound hard copy accompanied by a digital copy submitted on CD or electronically via E-mail of the following documents:

- Application Form (with original signatures)
- Budget Worksheet
- Resumes of all individuals responsible for project oversight (including City or County staff, consultant, contractors, etc.)
- Any applicable cost estimates, maps, drawings, photographs, or **Determination of Eligibility statement** (as required for all survey and National Register nomination grant requests). Contact Greg Smith, National Register Coordinator at 512.463.6013 or via email at greg.smith@thc.state.tx.us.

Submittal Deadline

A complete grant application package must be received **no later than 5 p.m. Friday, November 1, 2013.**

One electronic copy of the application must be submitted via e-mail and one unbound printed copy must be delivered to:

WHO MAY APPLY

Only city, county governments or state recognized Native American Tribes that have been individually "certified" by the National Park Service **before** September 1, 2013 are eligible to apply for CLG grants. Refer to www.thc.state.tx.us/preserve/projects-and-programs/certified-local-government/certified-local-government-communities for a complete list of all CLGs in Texas. The Texas Historical Commission reserves the right to deem applications from CLG Communities that are not in compliance with the Certification Agreement to be ineligible.

The following entities may also be eligible:

- An organization such as a non-CLG city or another unit of local government, a commercial firm, a non-profit entity or educational institution that has been delegated as a third-party to administer the grant on behalf of the CLG. The contributed services of the third party to the CLG may be counted toward the matching share requirements of the grant. (must provide a letter of support from the CLG)

ELIGIBLE PROJECTS

Activities eligible for CLG grant funding must be tied to the statewide comprehensive preservation planning process. A copy of the Texas Historical Commission Statewide Preservation Plan can be found on our web site at: www.thc.state.tx.us/preserve/projects-and-programs/texas-statewide-preservation-plan. In an effort to encourage local governments to develop and sustain an effective local preservation program critical to preserving local historic resources, **priority for funding shall be given to those projects that directly relate to the following work categories:**

- Architectural, historical, archeological surveys/inventories and oral histories
- Preparation of nominations to the National Register of Historic Places
- Preparation of a local preservation plan
- Writing or amending preservation ordinance
- Development of local design guidelines
- Research and development of local preservation incentive program
- Travel/training expenses for hosting a regional preservation-related workshop

The above list should not dissuade an applicant from applying for assistance towards other eligible projects such as:

- Development of educational publications and activities, slide shows, videos, web sites, etc.
- Development of publication of walking/driving tours
- Development of architectural drawings and specifications
- Preparation of facade studies or condition assessments
- Rehabilitation or restoration of properties individually listed in the National Register of Historic Places or contributing to a National Register historic district
- Travel/training expenses for individual commission members and staff*

* Because the THC is required to distribute CLG funds among the maximum number of eligible local jurisdictions, please note that individual travel/training grant requests will only be considered under exceptional or unusual circumstances.

MATCHING FUNDS

Proposed projects are required to provide a local match for grant monies budgeted on a one-to-one (dollar for dollar) match equal to a 50-50 ratio for the total cost of the project. The local match may be any combination of cash and verifiable in-kind services. Projects may utilize all or partial match of verifiable in-kind services and/or goods as long as the local match equals a 50-50 ratio for the total cost of the project. In order to maximize the limited CLG grant funds, the THC may give preference to applications demonstrating a higher cash match. The THC reserves the right to waive the local match requirements, in full or part, at its sole discretion. The THC also reserves the right to fund grant requests in part or in full based on the review criteria outlined in the application

manual, and the amount of federal funding available. Final decisions will also take into consideration the annual performance of each CLG applying for assistance.

Only non-federal monies may be used as a match, with the exception of Community Development Block Grants. All projects shall comply with federal requirements for state and local financial responsibility as stipulated in the Texas Administrative Code Title 13, Part 2, Chapter 15.6, *Rules and Procedures for Certified Local Governments*. Regulations of the U.S. Department of the Interior strictly prohibit unlawful discrimination in federally-assisted programs on the basis of race, color, national origin, age or handicap.

In extending this grant opportunity to your project, THC assumes the responsibility for ensuring that public money will be spent appropriately and with the maximum effectiveness. The THC is held accountable by the NPS for compliance with all applicable federal laws and regulations.

Those CLGs which have not applied previously for assistance are strongly encouraged to apply.

SCORING CRITERIA

As increased participation in the CLG program fosters greater demand for grants, not all proposals will receive funding in Fiscal Year 2014. It is imperative for the THC to assign priorities as part of the review of proposed CLG grant funded projects. Applications will be rated by an interdisciplinary committee of THC staff using the following criteria:

- (1) **PERFORMANCE, ADMINISTRATION AND GEOGRAPHIC DISTRIBUTION (15 points)**. Each CLG will be reviewed for overall performance in adequately fulfilling its annual responsibilities of the CLG program and to the equitable statewide distribution of funds overall. Higher consideration will be given to CLGs in good standing meeting reporting and training requirements, CLG's that have successfully completed a grant and new CLG's receiving certification within the last two fiscal years.
- (2) **PROJECT SCOPE (Total 70 points)**. Summarize in the application a detailed description of proposed project clearly and concisely. Indicate the relationship of the proposed project to defined preservation needs or issues in the local community and its relevance to the established local preservation program. Be sure to answer each of the following sections outlined below within the Project Scope narrative:
 - i. **PROJECT NEED (15 points)**: Does the application demonstrate a clear understanding of the identified preservation need? Is the need relevant to the local government's preservation program? How necessary are CLG funds in order to accomplish the proposed project? How does the project benefit the community? Is the stated need verifiable with documented factual information?
 - ii. **PROJECT OBJECTIVES (15 points)**: What activities will be necessary to complete the proposed project? How effective does the proposed project address the identified needs? Are the project objectives quantifiable? Who will be responsible for doing the work and were resumes provided? Is the proposed timeline or schedule reasonable?
 - iii. **SIGNIFICANCE AND IMPACT (15 points)**: Does the project involve a threatened or potentially threatened resource? Will the project result in a National Register nomination or Survey/Inventory? Does the project directly address a deficiency in the local preservation program? Does the project address or benefit an underrepresented group within the community? How well will the project develop historic contexts or educate and inform broad sectors of the public?
 - iv. **BUDGET AND COST EFFECTIVENESS (15 points)**: Is the proposed budget consistent with the planned objectives? Are the costs reasonable and sufficient to successfully accomplish the project? What is the applicant source and commitment of matching funds? Does the application clearly indicate how all of these figures were calculated? Is the proposed project the most cost effective way of addressing those needs?
 - v. **PUBLIC INVOLVEMENT AND DELIVERABLES (10 points)**: How will the public be involved in the proposed project? How will this project enhance the local preservation ethic?
- (3) **CONSISTENT WITH GOALS AND OBJECTIVES OF THE STATEWIDE COMPREHENSIVE PRESERVATION PLANNING PROCESS (Total 15 points)**. CLG funded projects should meet at least one of the goals outlined in the Texas Historical Commission's Statewide Preservation Plan. It is not necessary for your project to address all the goals listed in the Statewide Preservation Plan. In addition, CLG funded projects must advance local preservation efforts in your community. Applications will be reviewed according to the following eight major goals of the Plan:

- **SURVEY AND ONLINE INVENTORY:** Texans undertake a comprehensive survey to document the state’s diverse historic and cultural resources resulting in a publicly accessible online inventory.
- **EMPHASIZE CULTURAL LANDSCAPES:** Preservation practices are enhanced by emphasizing cultural landscapes.
- **IMPLEMENT POLICIES AND INCENTIVES:** Cities, counties and the state implement preservation policies and incentives to effectively manage historic assets.
- **LEVERAGE ECONOMIC DEVELOPMENT TOOLS FOR PRESERVATION:** Communities leverage preservation-based and traditional economic development tools to revitalize historic areas.
- **LEARN AND EXPERIENCE HISTORY THROUGH PLACE:** Texas residents and guests learn and experience the state’s diverse history through formal education, recreation, and everyday interactions with historic places.
- **CONNECT PRESERVATION TO RELATED FIELDS:** Preservation is connected and integrated into related fields and activities, building a broader, stronger, and more diverse community.
- **CULTIVATE POLITICAL COMMITMENT:** Political commitment is cultivated for historic preservation.
- **BUILD CAPACITY OF PRESERVATION COMMUNITY:** The existing preservation community develops its capacity to function more effectively and efficiently.

APPLICATION REVIEW PROCESS

Upon review and approval of applications and their supporting materials, the THC will select proposed projects from the initial applications based on the above criteria, and fund the maximum number of projects based upon HPF funding. A Preliminary Notification letter will include any specific project funding recommendations from the THC, two copies of the grant contract, and a request for a revised or amended project proposal and budget that incorporates the THC’s recommendations.

Successful selected applicants will continue the process by returning a signed grant contract, revised/amended project proposals, budgets, etc. to the THC **no later than 60 days from the date of Preliminary Notification letter**. Failure to submit any or all of this documentation by the required deadline may cause the requested grant monies to revert back to the THC.

ORIENTATION MEETING

All grant recipients (consisting of the local project manager and the grant recipients’ fiscal manager) shall schedule and participate in a CLG grant orientation with the THC upon receipt of a Formal Notification letter, if applicable. The purpose of the orientation is to establish project priorities, confirm the budget and timetable for completion and discuss reimbursement procedures. The orientation requirement may be waived at the sole discretion of the THC.

PROFESSIONAL QUALIFICATIONS STANDARDS

To ensure that appropriate historical, architectural, archeological and cultural properties are identified for public benefit through grant-in-aid assistance, persons supervising grant projects must be professionally qualified in accordance with 36CFR66. Copies are available from the THC.

SECTION 106

CLG Grants are funded with federal monies and require a formal Section 106 Review by the Texas Historical Commission. This review will take place following the grant awards. Failure to obtain a review will result in forfeiture of the CLG Grant. The CLG State Coordinator will provide additional guidance once the grants are awarded. Additional information regarding Section 106 Review is available from the Texas Historical Commission and the Advisory Council on Historic Preservation.

PROJECT IMPLEMENTATION

- A) GRANT CONTRACT. The grant contract will specify the scope of work, approximate timetable for completion, and a list of budgetary items. The agreement shall be signed jointly by the State Historic Preservation Officer and the appropriate legal representative of the CLG prior to commencement of project work. The grant may be administered by a designated third-party if the CLG indicates a specific organization in the application. Such a delegated agency may be another unit of the local government, a commercial firm, a non-profit entity, or an educational institution that has the administrative capabilities that comply with applicable federal standards.
- B) PRESERVATION EASEMENT. The recordation of a Preservation Easement will be required for all construction and certain other projects prior to the commencement of any work (Attachment G).
- C) PROJECT REVIEW. THC staff periodically reviews projects to monitor progress and provide assistance. Each CLG is required to provide the THC with grant product quarterly reports on each project funded.
- D) REIMBURSEMENT PROCEDURE. Eligible project expenditures incurred on a one-to-one (dollar for dollar) basis up to a 50-50 ratio of the total project cost shall be reimbursed to the CLG. Documentation of eligible expenditures exceeding the grant award should be submitted and may be reimbursed based on the availability of federal funding. Interim reimbursement requests during the grant period are permitted.
- E) PROJECT COMPLETION AND FINAL REPORT. THC will retain 25 percent of the total grant award until receipt of a detailed final report and certification of the completed project. Draft copies of all expected items generated by the grant project, including printed materials, completed survey forms, photographic materials and final reports, must be submitted to the THC for review and approval. Final products must be submitted to the THC **no later than December 31, 2015**.
