MAGOFFIN HOME

A striking historic adobe structure, this site explores the stories of a multicultural family who influenced the development of the Southwest borderlands. Magoffin family members actively participated in American expansion, West Texas settlement, trade on the Santa Fe Trail, Civil War turmoil, military service and U.S.-Mexico relations. The home, built around 1875 by Joseph Magoffin, is a prime example of Territorial style architecture and features a center courtyard and peaceful landscape. Explore the home's authentic art and furnishings reflecting the daily lives of this prominent El Paso family.
