

MOUNTING INSTRUCTIONS

To assist you in the proper installation of your Medallion and Plate, we have enclosed all types of mounting attachments that are normally used for attaching your Medallion and Plate to any type of wall. Use the ones that are required and you may dispose of the others.

Any capable carpenter or mechanic can easily install your marker for you.

If any additional information is required, do not hesitate to contact: The Southwell Company
Drawer 299
San Antonio, Texas 78206

FOR CONCEALED FASTENING TO STONE OR BRICK.

If medallion & plate is to be mounted on wood or hollow tile, drill holes in medallion and plate in approximate locations as shown in sketch below.
