5. Perform preventative and regular maintenance and repairs on equipment, tools, and grounds keeping equipment such as lawn tractors, weed eaters and hedge trimmers.
6. Maintain and care for state vehicles. Schedule maintenance work to be done according to the vehicle's mechanical warranty guide.
7. Receive requests for maintenance and repairs and schedules and completes the maintenance and repair work.
8. Identify maintenance issues and create plans to fix problems. Communicates concerns and recommendations promptly to the site manager.
9. Document and photograph as necessary, and maintain records on all work projects, maintenance, chemical applications, and off-site equipment repairs.

10. Perform minor building maintenance: i.e., changes light bulbs, repairs minor structural damage, and replaces safety lighting (both inside and out).
11. Perform carpentry work such as the installation, alteration, repair, and maintenance of non-historic buildings, doors, windows, wood fixtures, and furniture; works on historic buildings as directed by staff architects and with the supervision of the site manager.
12. Maintain and repair electrical outlets, switches, fixtures, and accessories and splices wires and cables.
13. Perform maintenance work such as painting, plumbing, electrical, HVAC, and mechanical.
14. Maintain a clean and organized maintenance shop so that lawn, garden and building maintenance equipment are stored in a safe, secure environment which is conducive to site's work and repair needs.
15. Performs inspections of and maintains and operates equipment and tools according to site safety guidelines.
16. Provide general assistance, information, and direction to site visitors.
17. Participate in special event preparations and activities, including but not limited to setting up and taking down tables, chairs, parking signage and security.
18. Perform site safety and emergency preparedness meetings and inspections and performs training as needed. Attends State Office of Risk Management (SORM) training as necessary.
19. Calculate material and labor costs for maintenance projects. Attend staff meetings. Supervise community service volunteers, TDCJ work crews, grounds volunteers, and monitors contractual workers. Keeps the immediate supervisor and site manager apprised of all maintenance activities.
20. Work with THC staff architects and with contractual maintenance as needed.
21. May train others.
