Work Location Address: Elrose Building, 2nd Floor, 108 West 16th Street, Austin, TX 78701

JOB OBJECTIVE: Perform complex historic architectural conditions assessments and provide technical assistance to preserve and protect Texas’ diverse architectural heritage. As part of a three-member team for the newly created Easement Program in the Division of Architecture (DOA), review changes to easement-protected properties and serve as the first line of communication on preservation practices to the general public, property owners, architects, consultants, contractors, and government agencies. Work under general supervision, with moderate latitude for the use of initiative and independent judgment.

ESSENTIAL DUTIES:
1. Perform annual monitoring activities at historic properties on which THC holds an easement or deed covenant to ensure property owner compliance and support the preservation of the historic and architectural character of properties in the program.
3. Utilize baseline data, including architectural drawings and photographs, to assess changes in a property’s condition and assist owners in maintaining their properties.
4. Enter monitoring data into the Web-based Easement Database Application to create monitoring reports or update baseline conditions.
5. Regularly communicate both verbally and in written form with property owners to notify them of upcoming monitoring activities, easement violations, or other feedback.
6. Provide assistance to property owners to self-report on the current condition of their property.
7. Provide written and verbal technical assistance on the preservation, rehabilitation, and restoration of historic properties in keeping with the Secretary of the Interior’s Standards for the Treatment of Historic Properties and the terms of their easement or covenant.
8. Present results and data to an internal Easement Committee and collaborate to determine priorities for future easement monitoring.
9. Work collaboratively within the Division of Architecture with the Courthouse Preservation, Federal and State Review, and Disaster Assistance teams regarding the implementation of the Easement Program and associated project reviews.
10. Perform on-site consultation with the public, architectural consultants, and government officials regarding appropriate preservation techniques.
11. Participate in conferences and workshops and speak to communities and professional groups about the Texas Historical Commission’s programs to encourage participation.

12. Serve as a liaison to other THC staff, government agencies, community organizations, and the general public to explain and provide technical assistance on program specifics and requirements.

13. Assist in the collection, organization, analysis, and/or preparation of materials in response to requests for program and project-specific information and reports.

14. Assist in developing and updating the agency website, submitting social media content, and writing agency or outside publications.

15. Adhere to an established work schedule with regular attendance.

16. Follow all THC safety guidelines/procedures and ethics requirements.

**NON-ESSENTIAL DUTIES:**

17. Perform other duties as assigned.

**QUALIFICATIONS/REQUIREMENTS (The application must specifically state how each of the following qualifications are met):**

- Master’s degree in historic preservation, architecture, architectural history, or a closely related field; or a professional architecture degree (Bachelor or Master of Architecture) from a National Architectural Accreditation Board (NAAB) accredited college or university (or a comparable internationally- accredited professional architecture degree) with coursework in historic preservation;
- Minimum one year of full-time professional work experience on historic preservation projects in the private or public sector for a preservation non-profit organization or a university program;
- Valid driver’s license, acceptable driving record, and ability to drive a state vehicle; and
- Ability to travel up to the required 40% of the work period.

**PREFER:**

- Meet the Secretary of the Interior’s Historic Preservation Professional Qualifications Standards in History, Architectural History, or Historic Architecture;
- Experience with architectural procedures, including application of the Secretary of the Interior’s Standards for the Treatment of Historic Properties;
- Experience working directly with architects and/or property owners to develop treatment recommendations, monitor activities, and execute historic preservation projects;
- Experience in regulatory review related to easement monitoring and management;
- Experience conducting historic resource surveys;
- Experience utilizing geographic information systems (GIS) and/or
- Demonstrated public speaking and writing skills.

**KNOWLEDGE, SKILLS, AND ABILITIES:**

- Knowledge of architectural principles, techniques, and procedures;
- Knowledge of historic and modern building materials and construction methods;
- Knowledge of state and federal laws related to historic preservation;
- Skill in documenting buildings through photography and written descriptions;
- Skill in interpreting architectural construction drawings and specifications;
- Skill in interpreting real property records, including easements and deed covenants;
- Skill in providing excellent customer service to both internal and external customers;
- Skill in operating a personal computer with word processing, database, and spreadsheet software;
- Ability to gather, assemble, correlate, and analyze facts;
- Ability to work effectively under pressure and meet strict deadlines while maintaining extreme attention to detail;
- Ability to explain complex issues in a clear and concise manner through written and verbal communication;
- Ability to analyze problems, evaluate alternatives, and recommend effective solutions;
- Ability to adapt successfully to change while continuing to deliver quality results in a timely manner;
- Ability to plan, organize, and work independently within the framework of a diverse team environment with cooperative decision-making;
• Ability to communicate with others using sensitivity, tact, and diplomacy;
• Ability to work in partnership with government officials;
• Ability to exercise sound judgment and discretion; and
• Ability to maintain the highest level of confidentiality.
