### Rediscovering Our Unique History

May is Preservation Month and the Texas Historical Commission is celebrating by offering five different regional workshops across the state. Join us in Jefferson for a fresh look at the unique resources that define the character of Texas.

Cultural and historical resources tell the story of your place. At times we forget the power of these stories and the impact they have on others. This workshop will discuss ways to attach locals to the historic fabric of your community and attract visitors to new experiences with historic places.

Speakers will share their experiences in the morning portion of the workshop. The afternoon will be spent working in round robin discussion groups so that attendees can learn more about ongoing preservation efforts around the state.
