These grant projects were funded in part by a Certified Local Government Grant administered by the Texas Historical Commission. For additional information on the Texas Certified Local Government Program, please visit our website at <http://www.thc.state.tx.us>.

The Certified Local Government (CLG) Program enables any local government — town, city, municipality or county — to develop and sustain a strong preservation ethic that influences zoning and permit decisions critical to preserving local historic resources. In Texas, the CLG program is part of the Texas Historical Commission's (THC) Community Heritage Development Division. It helps to promote local preservation efforts through a partnership between the National Park Service (NPS), the THC and local governments by providing technical and financial assistance.
