

# LEVI JORDAN PLANTATION

— STATE HISTORIC SITE —

*Brazoria, Texas*

TEXAS HISTORICAL COMMISSION  
REAL PLACES TELLING REAL STORIES

## LEVI JORDAN PLANTATION

This significant site is an example of the African American experiences in Texas, highlighting the multiple perspectives and evolving relationships of those who lived and worked on the land during the 19th and early 20th centuries. With enslaved workers who carved productive agricultural land out of the wilderness and created the basis of wealth for the State of Texas, the site witnessed a broad history that included the Civil War, Reconstruction, and the Jim Crow era.
